**Every Student**  
**Shines!**

I really appreciate the enthusiasm of my Catholic East Elementary students, where I began teaching in fall 2009. I am pleased they are willing to be adventurous and try new things as I share my love of Spanish with them.

I have three prior years of teaching experience and I received my bachelor's degree from Carroll College, Waukesha. I am working on my master's at Mount Mary College.

My husband, Eric, and I are members of Three Holy Women parish. We have two awesome dogs, Keisha and Nadia. We are huge basketball fans and love to go to games together. Go Bucks! In my free time, I like to try new restaurants, and go to sporting events and get together with friends and family. I also enjoy reading, listening to music, and going to plays.

I am looking forward to sharing my love of Spanish with students and getting them interested in learning. I look forward to cooking demonstrations, and working with different specialty and classroom teachers to create a well-rounded, integrated Spanish program. I'm excited also to offer a Spanish club where students experience a fun extracurricular Spanish environment.
